## NUART STREET WORKS

These map references show selected works produced as part of the Nuart Festival between the years 2006 and 2011. This is by no means an in-exhaustive survey of the public art that Nuart have been responsible for placing on the city streets but is rather a guide to specific artworks and areas of interest. Keep your eyes open and you'll no doubt stumble upon numerous other works during your tour. These tours offer locals and visitors to Stavanger an opportunity to get off the beaten track and explore the more hidden areas of interest in and around central Stavanger.

**LANDMARK TOUR**  
 The works marked in red are part of an official Nuart "tour". Starting at the beginning of Pedersgate the tour takes approximately 1 hour to complete. The "Landmark Tour" was produced for Nuart 2010 to celebrate ten years of Nuart. 10 years, 10 artists, 10 walls. We'd advice using this route as a main tour whilst stopping off at Tou Scene to explore the many other works in and around this area.

Images marked with a star can be found in and around the building complex at Tou Scene arts centre. A 10-15 minute walk from the city centre.

35 Hå Gamle Prestegard and Obrestad lighthouse is situated along the coast approximately 40km from Stavanger.
